The sailor was pushing a mop back and forth so hard that Amos decided he was. But here luck turned against them, for no sooner had they reached the shore again when the sailors descended on them. The jailor had at hist woken up and, finding his captives gone, had organized a searching party which set out just as Amos and the prince reached the boat. "Over there," said Amos pointing back out the door, "is that end. And over there is this end," and he pointed out the front window, "and right here is the other end." "I mean quit everything: running, swimming, practicing. . .? could scrounge. It would be useful later for heating, and for recharging batteries. They managed to convert plastic packing crates into fuel containers by lining them with sheets of the double-walled material the whirligigs used to heat water. They were nervous at this vandalism, but had no other choice. They kept looking nervously at the graveyard as they ripped up meter-square sheets of it. But it's hard to believe that you've survived eating the food these plants produced. We let it go at that. His voice became more serious as he continued. "I don't want to go off into a lot of personal anecdotes and reminiscences. That kind of thing is customary on an occasion such as this, but it would be trivial, and I wouldn't want my last speech as president of NASDO to be marked by trivia. The times do not permit such luxury. Instead, I want to talk about matters that are of global significance and which affect every individual alive on this planet, and indeed the generations yet to be born--assuming there will be future generations." He paused. "I want to talk about survival--the survival of the human species." Lang groaned. "All the air-lock seals, for one thing." There were grimaces from all of them at the. Earthling Swine!
