Nobody had horses but Alder, and they were for his cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then thought to ask him if he might want a bath, which he did. They heated the water and filled the old tub, and she went into her room while he had his bath on the hearth. When she came out it was all cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after things like that, and who would have expected it of a rich man? Wouldn't he have servants, where he came from? But he was no more trouble than the cat. He washed his own clothes, even his bedsheet, had it done and hung out one sunny day before she knew what he was doing. "You needn't do that, sir, I'll do your things with mine," she said..the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were."Destroy us? Destroy this hill? The trees there?" She looked down to a grove of trees not far from the hill. "Maybe Segoy who made them could unmake them. Maybe the earth will destroy herself. Maybe she'll destroy herself through our hands, in the end. But not through yours. False king, false dragon, false man, don't come to Roke Knoll until you know the ground you stand on." She made one gesture of her hand, downward to the earth..had found a ship to take him back to Havnor. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could have any woman he wanted, but women would drain his power, suck away his strength. There the wizard spoke with Licky in.The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonemason, roofer; he had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. The dark sea was so quiet that the stars were reflected here and there on the sleek lee side of the long swells. Oared galleys seldom went out of sight of land and seldom rowed through the night, laying to in any bay or harbor; but there was no moorage on this crossing, and since the weather was settled so mild, they had put up the mast and big square sail. The ship drifted softly forward, her slave oarsmen sleeping on their benches, the free men of her crew all asleep but the helmsman and the lookout, and the lookout was dozing. The water whispered on her sides, her timbers creaked a little, a slaves chain rattled, rattled again..the rain-streaked open air, preventing himself from making a spell, and angry at himself for. So he cherished his free hours as if they were actual meetings with her. He had always loved her, but had not understood that he loved her beyond anyone and anything. When he was with her, even when he was down on the docks thinking of her, he was alive. He never felt entirely alive in Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead. Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and control. I sat, finally. The pink letters of STRATO flickered and flowed into others: TERMINAL. No teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk. Outside was the man she had thought was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt, grim-faced old Namer. "How can we get free?" Her mother Ayo and her mother's sister Mead were wise women. They healed Otter as best they could with warm oils and massage, herbs and chants. They talked to him and listened when he talked. Neither of them had any doubt but that he was a man of great power. He denied this. "I could have done nothing without your daughter," he said. "Good-bye. . ." he could. And you have no wizards in the Kargish lands, I think." Otter crouched as always in the uneasy oppression of the spellbond. He drank thirstily.
