the floor. I looked up through a starry haze of pain to see Amanda falling to her knees beside me, crying..Lee Killough has written a series of superior stories for F&SF that share a common theme (the future of the arts) and background (an artist's colony called Aventine). The tales are completely separate entities and may be enjoyed on their own. This one concerns the visit to Aventine of Selene and Amanda, two different personalities that snare the body of one beautiful young woman.. "I know a psychiatrist who spends her weekends here in Aventine. Perhaps she can help." "The nature of the beast," he mutters, almost sadly, and smacks the palm of his gloved hand against the portal. He's only been here since Sunday night. He's very handsome, like an angel, a dark angel. But it wasn't his handsomeness that attracted me." She smiled. "I've seen many handsome men in my day, you know. It's difficult to verbalize. He has such an incredible innocence. A lost, doomed look that Byron must have had. A vulnerability that makes you want to shield and protect him. I don't know for sure what it is, but it struck a chord in my soul. Soul," she mused. "Maybe that's it. He wears his soul on his face." She nodded, as if to herself. "A dangerous thing to do." She looked back up at me. "If that quality, whatever it is, would photograph, he would become a star overnight, whether he could act or not. Except ?of course?for his infirmity.".."He must have been talking about the Detweffler boy," she said, frowning. "Harry's been kinda friendly with him, felt sorry for him, I guess.".."They'll just keep tossing men and women at the stats until someone does come back. Sreen or no Sreen." The captain strikes the door again, with the edge of his fist this time. "Sreen!" A bellow which, curiously, does not echo in the vast antechamber. "Sreen! Hie answers that will save us are the long-term ones, the sort of answers a colony would be looking for. About two years from now we're going to have to be in a position to survive with some sort of lifestyle that could support us forever. "Now don't be like that. Treason is a necessary part of the job, the way that handling trash cans is a part of being a garbage man. Some poets go to a great deal of trouble to disguise their treacheries; my inclination is to be up-front and betray everyone right from the start". Amos ran to get his wheelbarrow, pot the prism on top, and wheeled it to the mirror. Then, just in case, he went back and locked the trunk tightly. "It's gonna be a hell of a concert." "What about the window? Was it locked too?" Evidently no one could. But likewise, Crawford could see no reason why it should have happened the way it did. 26. "Did he and Maurice have sex together?" On the other hand, an important part of the evaluation was the psychiatric assessment and recommendation, and in the course of the several sessions that he had spent with Pendrey, the psychiatrist attached to Brigade, Colman had found himself harboring the steadily growing suspicion that Pendrey was crazy. He wondered if perhaps a crazy psychiatrist working with a crazy set of premises might end up arriving at sane answers in the same way that two logical inverters in series didn't alter the truth of a proposition; but then again, if Pendrey was normal by the Army's standards, the analogy wouldn't work.
