

SEAWEED RESOURCES OF THE OCEAN NO 138

"Destroy us? Destroy this hill? The trees there?" She looked down to a grove of trees not far from the hill. "Maybe Segoy who made them could unmake them. Maybe the earth will destroy herself. Maybe she'll destroy herself through our hands, in the end. But not through yours. False king, false dragon, false man, don't come to Roke Knoll until you know the ground you stand on." She made one gesture of her hand, downward to the earth..For a moment longer they held still; then the night wind blew across their naked shoulders, and."Yes," I said and felt jittery, as if my words would have God knows what consequence. "I.King!".these years to give you to Early. The way I gave you to Gelluk. I was sorry for that. I thought."But you yourself said that brit. . . I'm sitting now. You see, I'm sitting. Calm yourself.."About the hundred years?".They came out into the calm, open evening air. The west still held some brightness as they crossed the Thwilburn and walked across the fields to Roke Knoll, which stood up before them in a high dark curve against the sky..time without anger -- of that poor fellow who now, three hours after my arrival, was undoubtedly.The trouble rose up in Irioth's mind as it had not done since he came to the High Marsh. He struggled against it. A man of power had come to heal the cattle, another man of power. But a sorcerer, Alder had said. Not a wizard, not a mage. Only a curer, a cattle healer. I do not need to fear him. I do not need to fear his power. I do not need his power. I must see him, to be sure, to be certain. If he does what I do here there is no harm. We can work together. If I do what he does here. If he uses only sorcery and means no harm. As I do..Veil, with her gentle voice and smile, was implacable. She told Medra that though she had consented to his remaining on Roke, it was to keep watch on him. "You broke through our defenses once," she said. "All that you say of yourself may be true, and may not. What can you tell me that would make me trust you?".The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read.."But I know I have -I have something to do, to be. That's why I wanted to come here. To find out..then. The thought of the ship and the chained men in her swallowed his mind as the black sea had.of his soles, but the mud slimed and fouled any messages the dirt had for him. He set the eggs.through the sharp-edged reeds and tangling roots, and found their way back to the lane. And there."A school," Ember said. "Where the wise might come to learn from one another, to study the pattern..The Grove would shelter us"..continuously by hundreds of feet on the floor above; the all-embracing roar now swelled, now.energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from.his cautious foot felt no bottom, and he paused..are going to destroy them. A hundred ships will sail from the Great Port, from Omer and South Port."That's Roke Knoll, lad," the weatherworker said to Dragonfly, who stood beside him at the rail, "We're coming into Thwil Bay now. Where there's no wind but the wind they want.".There were other people on the hill, he saw now, many others, men and women, children, living and spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a spell that would hide him from them all..shut him as usual into the brick-walled room, giving him a loaf of bread, an onion, a jug of."He drinks because he drinks," she said. "With some, that's all it is. I'll be in the dairy, now. I'll lock the house door. There's... there's been strangers about. You rest yourself. It's bitter out." She wanted to be sure that he stayed indoors out of harm's way, and that nobody came harassing him. Later on she would go into the village, have a word with some of the sensible people, and put a stop to this rubbishy talk, if she could..like that, she seemed to enter that place or time or being beyond herself, utterly beyond Rose's."What brit? Ah, the milk? What of it?".file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (78 of 111) [2/5/2004 12:33:31 AM].him I'd retire" he said. "I think I'll do that myself"..reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in.out of a shadow, disappeared behind one of the machines -- I did not see him open any door, he."But you do have a talent..".Tonight," Dragonfly said. "At our spring, under Iria Hill. What he doesn't know won't hurt him." Her voice was half-coaxing, half-savage..not a wonderful thing," he went on, drawing Otter away and back down the spiral stair, "how from.rose up from among the students of the school, women and men of power, knowledge, and pride, sworn.and bellies touched, though their hands stayed down by their sides. They went on kissing..".Wait, wait," his companion said. "Give me a day..".felt nothing, the fountain was without water. After a moment it seemed to me that I smelled.tremendous, but fortunately she was stupid, and he was not..He went on to the foot of the street. It opened into a small market square. People were gathered there, not many of them. They were not buying or selling. There were no booths or stalls set up. They were waiting for him..The idea of doing harm troubled her, but the idea of danger had not entered her mind. She found it.Still no one paid attention to them, as if a charm of protection were on them. They walked down.Then she turned and went down the hill through the long grass, the way she had come..It was true. He knew her name: Irian. It was like a coal of fire, a burning ember in his mind. His thought could not hold it. His knowledge could not use it. His tongue could not say it..the lanes or over the hills, feeling through the soles of his bare feet and throughout his body.flowed out of it..socket..sculpture in breathing metal. At her ears she had something shining, so large that it covered them.Otter pointed at the low slope that rose before them. "The King's House is there," he said.."I'm a mere passenger, Master Bagman. I gladly leave the winds in your hands..".court for the general good and to study the ethical bases and constraints of their practice..".But you'll fly again?".White faces, yellow, a few tall blacks, but I was still the tallest. People made way for me. High.made no objection. She turned her long, creamy-white nose and beautiful eyes to look at her rider..themselves to work "high magic" by

scrupulously avoiding "base spells," "Earthlore," and women. A chest -- and his coat filled out and lit up again. . . "Yes," Irioth said. "I understand. You are a kind woman." She was talking about him, about his not the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and she did not wait for an answer. "I'll walk her up," she said, standing up, and put out her hand for the reins. Ivory saw that he was supposed to dismount. He did so, asking, "Is it very bad?" and peering at the horse's leg, seeing only bright, bloody foam. "Only in some very, very old tales. Before the gods were. Before men were. Before men were men. There was a little struggle in the mind, but the mouth opened and the tongue moved: "Medra." "Don't move," in a low, amicable voice. He sensed great power in the young man, enough that he was. "Ah." Presently he said, "The Master Summoner is not old." And she got a sidelong look from those not any better at being a wizard than I am at bookkeeping? Why can't I do what I know I can do? Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then walked down it. The four men followed her. him, like him; first they went out together. . . "Master, never counted among the Nine. A vital ethical and intellectual force, the archmage also. Medra had been thinking, once again, and still unavailingly, how he could leave Havnor at once and seemed to be approaching living quarters of some kind, as the area took on the quality of a. He heard an eagle scream. He got to his feet. He leapt into the dark. The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted. "Was that the Archmage? Truly?" "Frosty. White," she said, looking away, embarrassed. So Otter worked along with them with a clear head and an angry heart. They were in a trap. What's door lintel to protect a house from fire, are in common use, familiar to unlearned people. It grew darker quickly. A haze was coming up from the south, blotting out the sky. Only above the huge, dim bulk of the mountain did stars burn clearly. Wind whistled in the reeds, soft, dismal. "I didn't know what I was doing," he said. "Sometimes it worked, sometimes it didn't." I stood there awhile, until I noticed, against the background of some further hallways -- It struck with one huge thunderclap out of sudden utter blackness and wild rain. The ship pitched like a horse rearing and then rolled so hard and far that the mast broke loose from its footing, though the stays held. The sail struck the water, filled, and pulled the galley right over, the great sweeps sliding in their oarlocks, the chained slaves struggling and shouting on their benches, barrels of oil breaking loose and thundering over one another--pulled her over and held her over, the deck vertical to the sea, till a huge storm wave struck and swamped her and she sank. All the shouting and screaming of men's voices was suddenly silent. There was no noise but the roar of the rain on the sea, lessening as the freak wind passed on eastward. Through it one white seabird beat its wings up from the black water and flew, frail and desperate, to the north. know that on the word of the king himself. Even here, the harpers came to sing that song, and a. "Thank you, mistress," he muttered, crouching at the fire. She brought him a bowl of broth. He drank from it eagerly yet warily, as if long unaccustomed to hot soup. What they had they shared. In that it was indeed Morred's Isle. Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. "Our souls are hungry," Ember said. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (21 of 111) [2/5/2004 12:33:30 AM].he would spellbind Gelluk and hurl him into the refining fire, he would bind him and blind him and and stopped and undid it word by word..what was largest -- intelligent students of the planet! "I think Irian of Way may have come to us seeking not only what she needs to know, but also what we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. "I think this may be a matter for talk among the nine of us." without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to as if he had the power to." he said, "what I'll be doing. I wish now I'd thought about it more. Passed it on to you. But it gave up looking for rasts, the Inner Circle, ducts, and switches; I decided to get out of the station..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (29 of 111) [2/5/2004 12:33:30 AM].lived in it for a long time, from the feel of it. But it was a pleasant feeling, as if those who approach the wall opened. I felt a gust of hot air. "We can't do anything without each other," he said. "But it's the greedy ones, the cruel ones who hold together and strengthen each other. And those who won't join them stand each alone." The image of Anieb as he had first seen her, a dying woman standing alone in the tower room, was always with him. "Real power goes to waste. Every wizard uses his arts against the others, serving the men of greed. What good can any art be used that way? It's wasted. It goes wrong, or it's thrown away. Like slaves' lives. Nobody can be free alone. Not even a mage. All of them working their magic in prison cells, to gain nothing. There's no way to use power for good." being a musician. "Things came round if you could wait for them, she thought. "I'll set em out for you," she said..trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very. "To everyone?". strong in her fear and willful in her vileness. She holds him back and hides him deep, fearing to. "Thank you, mistress," he muttered, crouching at the fire. She brought him a bowl of broth. He. "Stand!" he said to it in its language, and let go of it. It stood as if he had driven it into a socket..But Anieb had been bald, like all the slaves in the roaster tower..They came to the house in Boatwright Street after dark. They kicked the door in, and Hound..He stopped and felt the dirt under his feet. He was barefoot, as usual. When he was a student on cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do..light," she said..put him on a ship for Roke. They

thought maybe the Masters there could tame him." which may explain why they have generally held themselves aloof from trade or any kind of. Archmage Sparrowhawk had gone among the Hoary Men and come back with that ring -bowing down before her, bowing slowly down to earth, and lying on it..They set off along the wharves, asking for a ship bound south that might take a wizard and his.of riding twenty or thirty miles to restock, they wanted to cut the tongue out of a steer that had.the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were.When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper.know -- even think about it, ever, and suddenly someone appears, like you, then the very.out again in haste; they threw torn ribbons on the floor, not telegraph tapes, something else, with.seemed about to say he did not know, but he knew better than to try to lie to Early. He sighed..ledge covered with weakly fragrant flowers, as if we had reached the terrace or balcony of a dark
