For the first time in weeks. When it came to teaching what he knew, he was tireless, generous, and exacting. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. Highdrake's mastery of spells and sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something very much greater, the wholeness of knowledge. Maybe all magery was weakened then." where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody. "Probably we can't," said the Herbal. My teacher had no staff, Dulse thought, and at the same moment thought, He wants his staff from me. Gontish oak, from the hands of a Gontish wizard. Well, if he earns it I'll make him one. If he can keep his mouth closed. And I'll leave him my lore-books. "He lived always on Roke, for it's there that all knowledge of magic comes and is kept. And he had no desire to travel and meet other kinds of people, or to see the world, saying he could summon all the world to come to him-which was true. Maybe that's where the danger of that art lies.. "You fly?". Her eyelids fluttered..word, the men told them they would be tortured and burned, at which the boy cried that if they energy and hope. He told himself not to trust this man, but he longed to trust him, to learn from or an archmage. To keep the cold and damp out of his bones. Not his own notion. Silence had come.
