on Gont, he knew that. But he was tired of teaching, and didn't want another prentice underfoot. He had no thought of hiding or protecting himself. Luckily for him there were no guards about; there were few guards, and they were not on the alert, since the wizard's spells had kept the prison shut. The spells were gone, but the people in the tower did not know it, working on under the greater spell of hopelessness. The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge, particularly of the words of the Language of the Making. His Book of Names became the foundation of naming as a systematic part of the art magic. Ath left his book with a fellow mage on Pody when he went into the west, sent by the king to defeat or drive back a brood of dragons who had been stampeding cattle, setting fires, and destroying farms all through the western isles. Somewhere west of Ensmer, Ath confronted the great dragon Orm. Accounts of this meeting vary; but though after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke. . file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (26 of 111) [2/5/2004 12:33:30 AM]. know that on the word of the king himself. All over the hill spark-weed was in flower, its long petals blazing yellow in the grass. Children on Havnor knew that flower. They called it sparks from the burning of Ilien, when the Firelord attacked the islands, and Erreth-Akbe fought with him and defeated him. Tales and songs of the heroes rose up in Medra's memory as he stood there: Erreth-Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved king. "And what did you decide you want?"..Erreth-Akbe's next challenger was a mage called the Firelord, whose power was so great that he lengthened a day by five hours, though he could not, as he had sworn to do, stop the sun at noon and banish darkness from the islands forever.
